INDICATING FLOORSTAND

Trumbull Indicating Floorstands are designed for installation in treatment plants and pump stations to allow operation of valves at a lower elevation. Floorstand body is ductile iron for increased torque capacity. Our standard Floorstand is shown below; special mountings and stems are available. See reverse side for drawing of Floorstand and optional Floorstand Bracket.

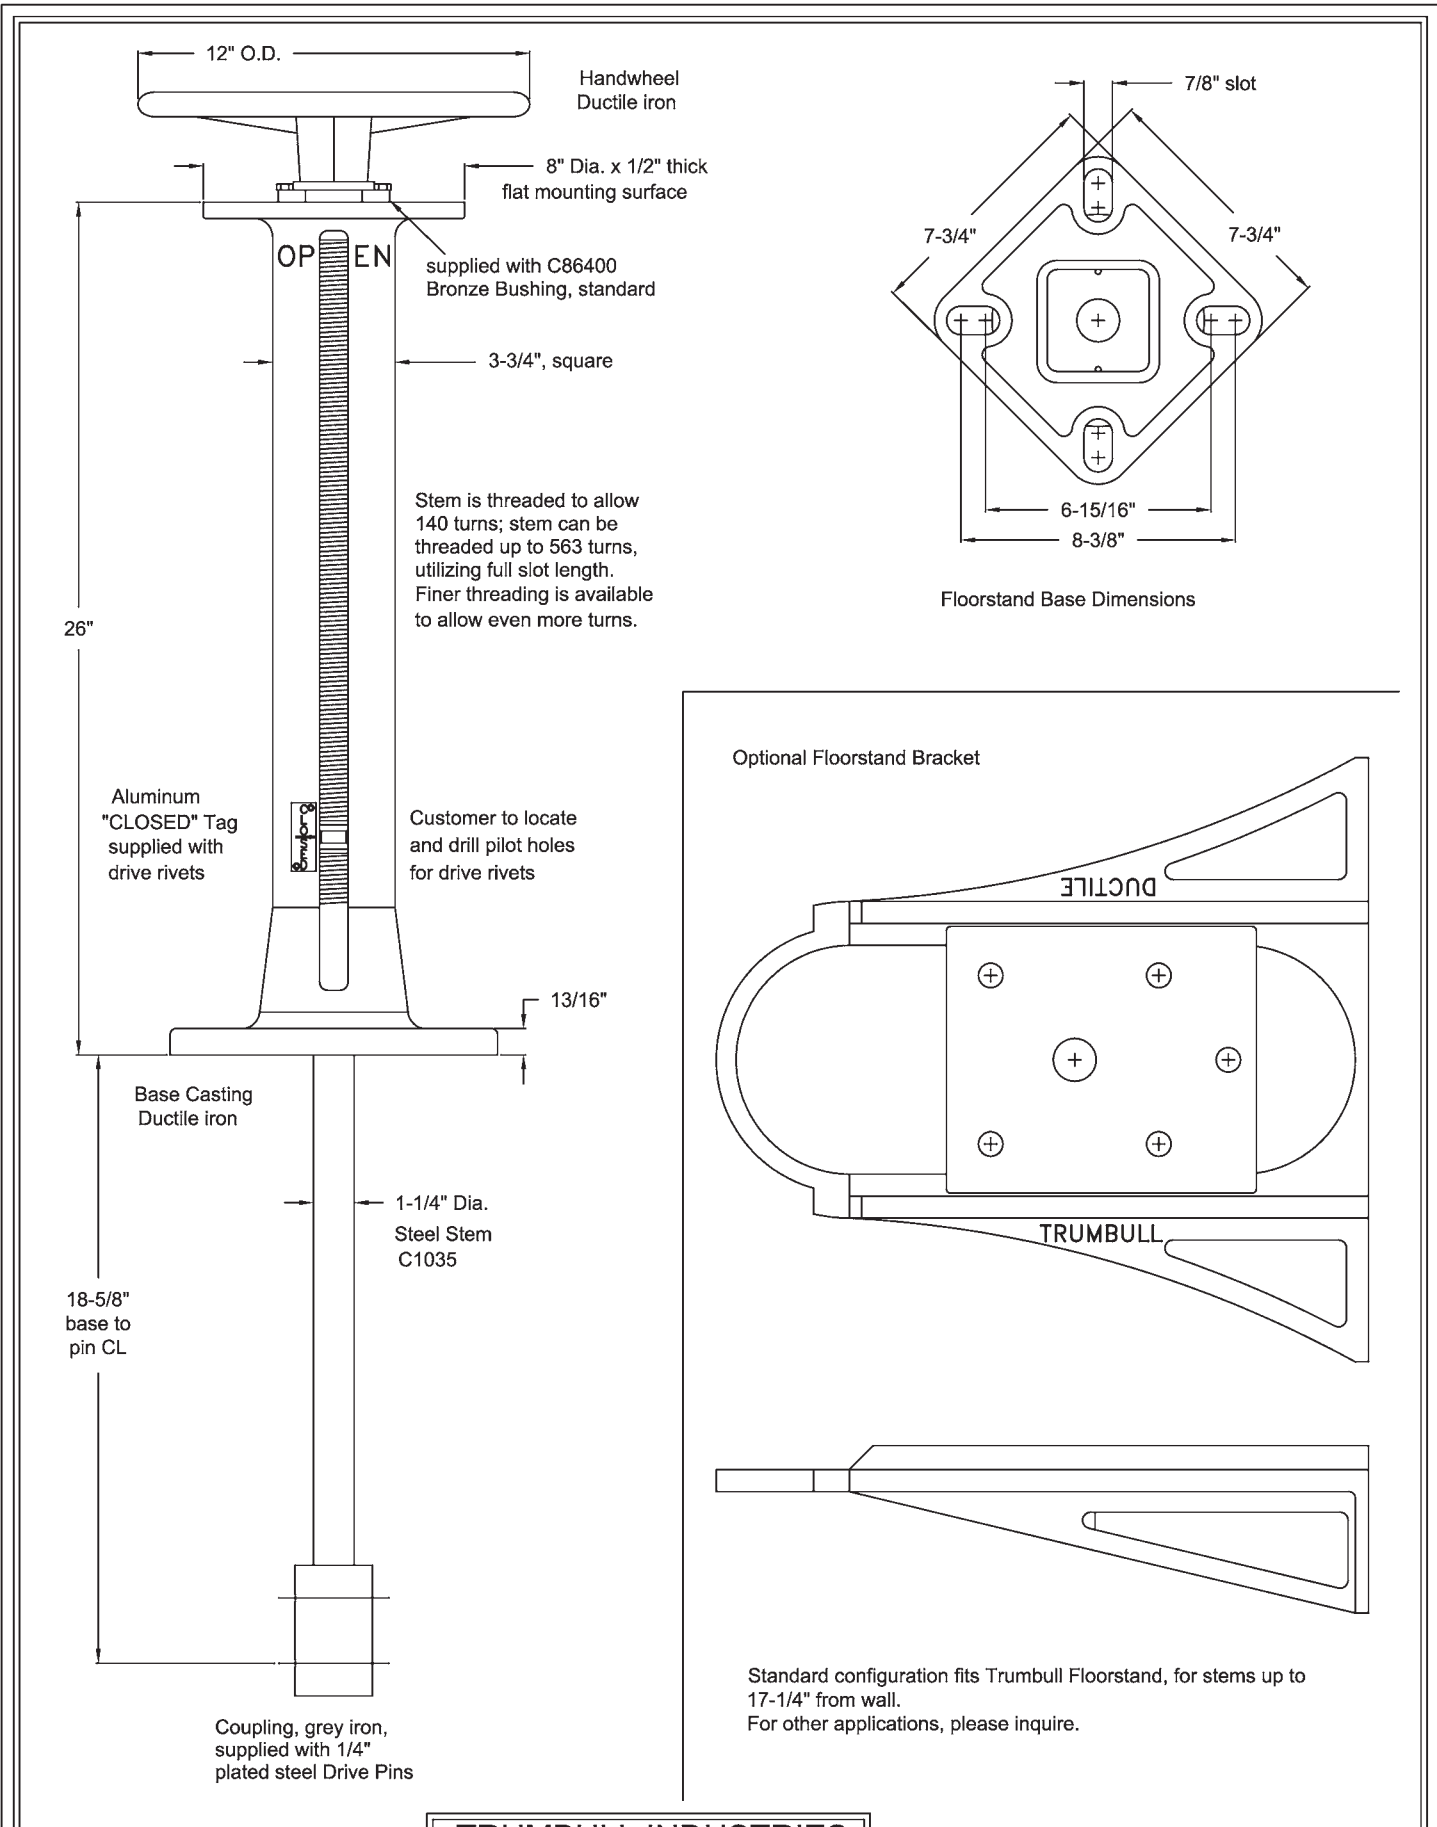

Typical Floorstand installation.

Ordering Information:

1. Quantity.
2. Trumbull item number (#367-2420).
3. O.D. of connecting stem being used, or desired connector hole size (15/16" bore dia. supplied if not specified.)

See separate literature on Trumbull Floor Boxes, Extension Stems, Mud Valves and Stem Guides.

See reverse side for drawing.
